54B Mariquita St. Pasay City, Philippines

FULL STACK DEVELOPER

A versatile developer who builds for both web and mobile, and loves to dabble in APIs and full-stack workflows. Experienced with React, React Native, ASP.NET (C#), and SQL. Always eager to ship clean solutions, learn fast, and take on new challenges.

STRENGTHS AND EXPERTISE

Programming & Technologies

Web Development:
HTML, CSS, Tailwind, Bootstrap
JavaScript Ecosystem:
React (Vite/Next), React Native (Expo/CLI), JavaScript, Node, API
Microsoft Stack:
C#, ASP.NET, SQL (MSSQL)
Other Languages:
Java, SQL (MySQL)

Dev Tools & Environment

Code Editors / IDEs:
Visual Studio, VS Code, Android Studio
Database & API Tools:
SQL Management Studio, Postman
Version Control & Collaboration:
GitHub, Azure DevOps, SourceSafe
Cloud & Platforms:
AWS

Design, Reporting, & Support

Design / Graphics:
Figma, Adobe Photoshop, Canva
Reporting & Data Tools:
Crystal Report
Text Blast
Microsoft 365
User Support:
UltraViewer
NetSupport

PROFESSIONAL EXPERIENCE

Manila Teachers' Mutual Aid System, Inc.   **September 2024 - Present**
Full-Stack Developer

Developed and modernized legacy core systems—CDV, MT Forms, and OLA (later transitioned to OLA Mobile)—significantly improving loan application submission, approval, and disbursement workflows. Provided technical support, performed monthly backups, and coordinated with server and network teams to maintain stable, reliable operations. Boosted system performance, enhanced user experience, and streamlined cross-department processes to ensure accurate delivery of company services. Also contributed to the development and maintenance of Philippine Teachers, the firm's official website.

Key Achievements / Highlights:

- Successfully modernized and transitioned legacy core systems to new platforms.
- Achieved highest KPI rating for performance and contributions during tenure.
- Awarded the Early Bird Award (2025)

DataDynamix, Inc. - Xure   **January 2023 - April 2023**
Mobile Developer & QA Tester (Intern)

Completed an internship covering mobile app development, quality assurance, API integration, and research, gaining valuable hands-on experience with real-world processes. Frequently took on the role of a UI/UX designer, focusing on animations and interface features that were successfully integrated and utilized by the team.

Creotec **October 2019 - November 2019**
Station Leader (Work Immersion)

Led a station in electronics assembly, ensuring correct installation of components and adherence to process standards. Collaborated with other student station leaders to coordinate workflow and support hands-on technical training. Contributed to a smooth learning environment while gaining practical experience in electronics and process management.

EDUCATION

Colegio de San Juan de Letran **2020 - 2024**
Bachelor of Science in Information Technology (Software Development)

- *Capstone: Web-Based Booking and Reservation System for SJA Travel & Tours*
- *Cumulative GWA: 94.14; Magna Cum Laude*
- *Dean's Lister (2020 - 2024)*
- *Top 2 in Science and Technology Cluster - 12th Likhang Arriba Student Research Colloquium*

Philippine Christian University **2018 - 2020**
Information and Communication Technology

- *With High Honor (2020)*
- *With Honor (2019)*

Pasay City West High School **2014 - 2018**
Information and Communication Technology

- *With Honors (2014-2018)*

CERTIFICATIONS

Certiport (Pearson VUE) **2024**
International Testing Center – Professional Certification

- *Cybersecurity*
- *Databases*
